12'	5,000 lbs
14'	10,000 lbs

DOCK LADDERS

4- and 5-Step Ladders

Durable AND Attractive

Our standard dock ladder has oversized rungs for sturdy footing to provide a safe, secure and comfortable access point for exiting or entering the water. And no other ladder available is as durable nor is as finished looking to complement any quality dock.

20° Angle

Even our standard ladders have a slight incline for ergonomics

Color Options

Our 5-Step ladder can be purchased with a durable, powder-coated antique bronze finish.

Discover the Difference

Stair Ladder

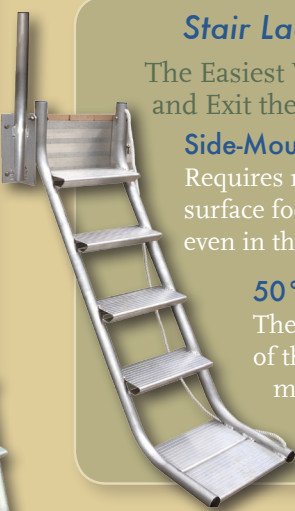

The Easiest Way to Enter and Exit the Water, Ever!

Side-Mount

Requires no dock surface footprint - even in the up position

50° Angle

The ergonomics of the Stair Ladder make its use as effortless as a staircase

Dog Ladder

A Favorite of Pet Owners

Our Dog Ladder was developed for dog lovers by dog lovers. The platform steps are positioned to accommodate any size dog... or person!

	4-Step Ladder	5-Step Ladder	Stair Ladder	Dog Ladder
Ht / Ht Below Deck Surface	64" / 45"	76" / 57"	60" / 58"	35" / 33"
Weight	24 lbs	28 lbs	29 lbs	23 lbs

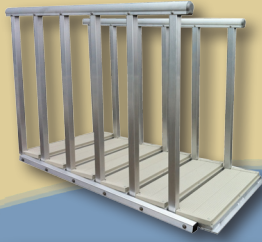

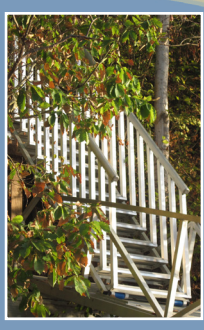

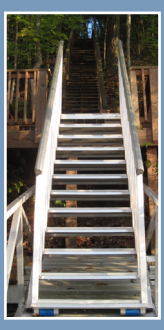

Special Features

- Full 16.5" wide x 6.5" deep, slip resistant treads for maximum comfort and safety
- Crafted from beefy, marine-grade aluminum —the heaviest duty and longest lasting ladders you'll ever own
- Each style rotates out of the water when not in use to remain clean
- Uses HDPE-plastic bushings for longevity and ease of rotation
- Engineered for ergonomics, aesthetics and durability

ARTICULATING STEPS

- Maintenance-free, self-adjusting staircase rotates from 0° to 60°
- Suitable for land or water; used on docks, decks or gangways
- Treads remain flat and level over entire range of motion
- Pivot hinge allows the ladder to be easily retracted and removed from the water when not in use
- 5, 7 and 9 step standard models - up to 30' length available
- Marine-grade aluminum framing, UHMW-plastic bushings for durability and corrosion resistance
- Simple installation - just anchor the top step to a solid object

Model	Max. Vert. Drop
5 Step	48"
7 Step	72"
9 Step	96"

Dock Boxes are a requirement for dock owners since they provide convenient, protected storage. Our aluminum, stainless steel and Ipe hardwood Dock Boxes are extremely durable, secure, and complement the look of any dock. And, the extra features packed into our Dock Box will make it the most useful item on your dock.

Features Galore!

Breathable to dry out wet equipment
More secure than fiberglass, plastic and others
Designed to outlast your dock

Length: 72.5"
Width: 24.5"
Height: 25.5"
Weight: 174 lbs

Relaxation Station

- The Relaxation Station package includes 2 Captain's Swiveling Dock Chairs and a Dock Umbrella
- Top- or side-mount hardware included

Cantilever Mounting Brackets

Cantilever Brackets for our Dock Box provide a convenient solution to forfeiting valuable deck space on your dock for a dock box. These cantilever-style brackets allow your dock box to be mounted off the side of your dock, instead of sitting on the dock surface. Cantilever brackets sold separately.
